

THE INTERNATIONAL
**PIPELINE RISK MANAGEMENT
FORUM**

NOVEMBER 16-17, 2022 | HOUSTON

CALL FOR PARTICIPATION

OBJECTIVE

The International Pipeline Risk Management Forum is the first of its kind to address this important, timely, and sometimes controversial subject specifically for the pipeline industry. The objective is to advance the state-of-the-art of risk assessment (RA) and risk management (RM) by convening a forum for idea- and technology-exchange.

FOCUS

The focus is specific to pipelines and closely associated facilities, specifically:

- Pipelines – gathering, transmission, distribution, onshore/offshore
- Compressor stations
- Pump stations
- Tank farms
- Loading facilities
- Underground storage

CONTENT AND CONTRIBUTIONS SOUGHT

The organizers seek presentations* that will address risk-related issues for these facilities, in particular:

RA/RM for regulatory compliance

- IMP
- Environmental assessments
- Permitting/siting

RA/RM in business strategy

- Asset development
- New construction
- Acquisitions due diligence
- Asset retirement
- Corporate risk appetite
- Insurance

RA/RM for sound asset management

- Inspection frequencies
- Planned preventive maintenance
- Administrative support of RA/RM programs
- Competency

Special issues

- RA methods/tools
- Data issues in support of RA
- Emerging methods, tools, technology
- Risk-appetite thresholds: acceptable risk, tolerable risk, 'safe enough', reliability targets
- Cost/benefit of risk-reduction measures
- Monetization of risk

*White papers are not required

Abstract submission deadline:
July 25, 2022

Draft presentations deadline:
September 12, 2022

Final presentations deadline:
October 24, 2022

Abstracts should be sent

via email to:

Ben Stroman

Presentations will be peer-reviewed by the advisory committee to ensure the highest quality discussions are held at this Forum. This vetting process will lead to greater engagement and a high quality program. Draft presentations will be required by September 12 to give enough time for review, delivery of notes back to the author and the delivery of final presentations back to the committee.
